- ◆ Coffee Dock in comfortable surroundings.

*Resident Professional:*

**KEITH MONGAN**

Tuition available by appointment.

**OPENING HOURS:**

10 a.m. - 9 p.m.  
(Mon. - Fri.);  
10 a.m. - 6 p.m.  
(Sat. - Sun.)

## A Golfers' Oasis

The bays are state of the art and extremely spacious. A special synthetic cladding separates the bays and these are foam filled. So, if you mis-hit a ball, unlike concrete bays, the golf ball will "die" once it hits the cladding.

## Enclosed Bay

There is also a special enclosed bay which is perfect for the shy or nervous golfer who is receiving lessons from the resident professional, Keith Mongan, formerly of Mount Juliet. It gives complete privacy and allows you to concentrate on the excellent advice being imparted by Keith.

## Bunker Shots

At the Newpark Golf Driving Range the emphasis is on keeping the golfer happy. A specially designed bunker has been constructed. So if you have been having problems getting out of the sand then you should make a point of using it.

The outdoor bays are in excellent shape, giving golfers the choice of striking from a natural grass lie or using a tee.

## Putting Green

The putting green, the surface of which is akin to those on major courses, has a number of undulations to add a little spice to your putting.

## Coffee Dock

Hitting golf balls for an hour or so can be draining, so why not relax afterwards with a coffee and biscuit at the Coffee Dock.

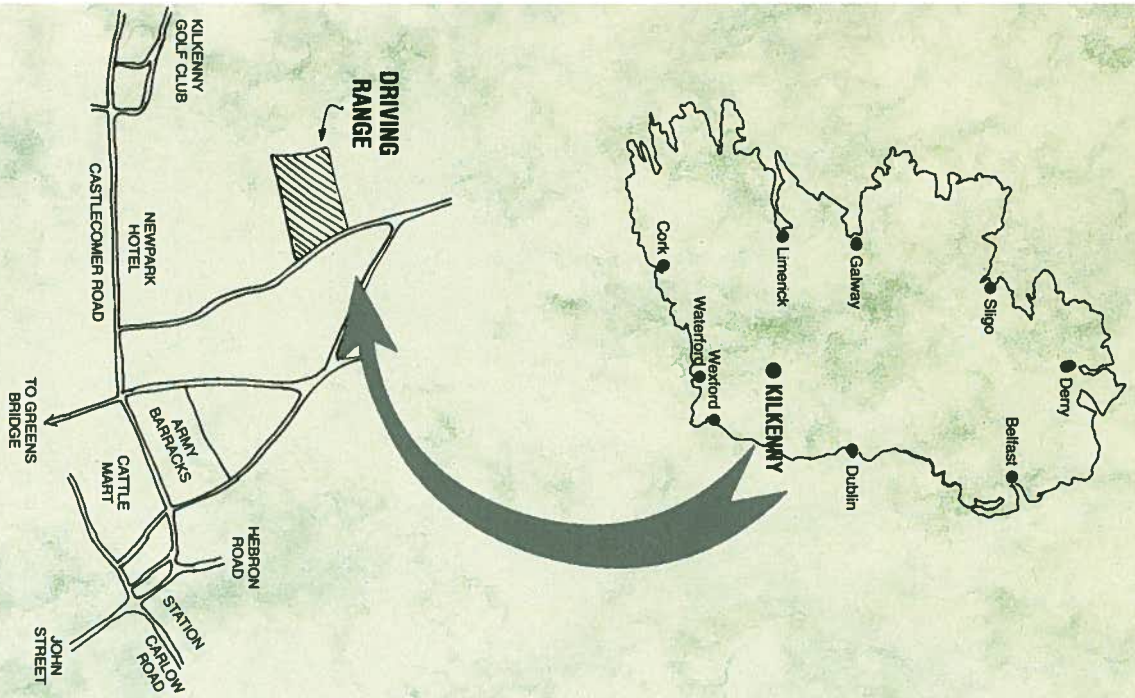

The Coffee Dock provides the golfer with a well earned cuppa after the exertions on the range, where he or she can chat with others about those little quirks in the swing.

There is no problem with parking and the tranquil and private setting provide the perfect backdrop for a cosy chat.
